

# NEXXARA

WELCOME TO NEXT ERA

## About Us ...

Nexxara offers cutting-edge, eco-friendly smart home automation solutions designed to make modern living safer, smarter, and more sustainable. From intelligent lighting and security to seamless device control, our systems enhance everyday convenience while reducing environmental impact. With a vision to become India's leading smart automation brand, Nexxara blends innovation with reliability—empowering you to live better, one smart solution at a time.

# Product Introduction

- Switches & Control
- Locks & Security
- Lighting

## What we offer

 Smart Cloud Interconnection  
with 11,000+ products

 Intelligent scenario  
Configuration-free

 Three control methods  
Easy smart home experience

 Security and reliability  
Military-level security

 Cloud service  
Stable, reliable, and low power consumption

 Easy installation  
No network configuration

 Network access  
Various mainstream access methods

 One app  
Easy control of your home

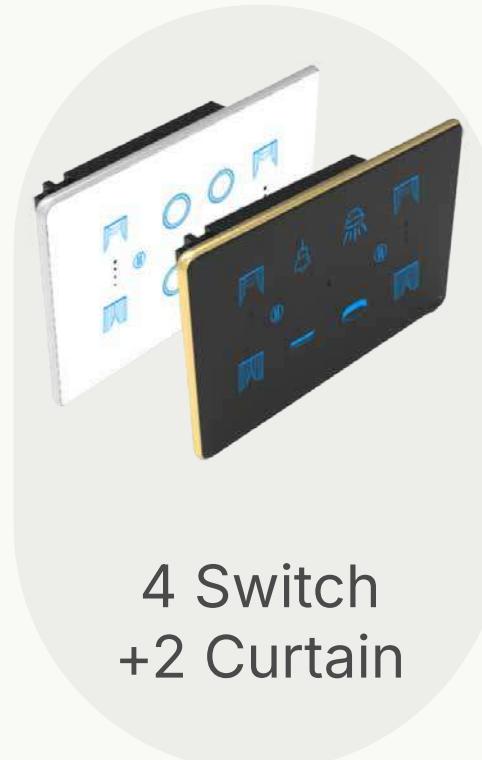

# Smart Switches & Control

*Smart home choice of smart people*

## Wi-fi Enabled Modular Wall Switches (Indian Standard)

Remote

- Remote app control
- Third-part AI voice control
- Timing setting
- Support wet hand manual control

2 MODULE

4 MODULE

6 MODULE

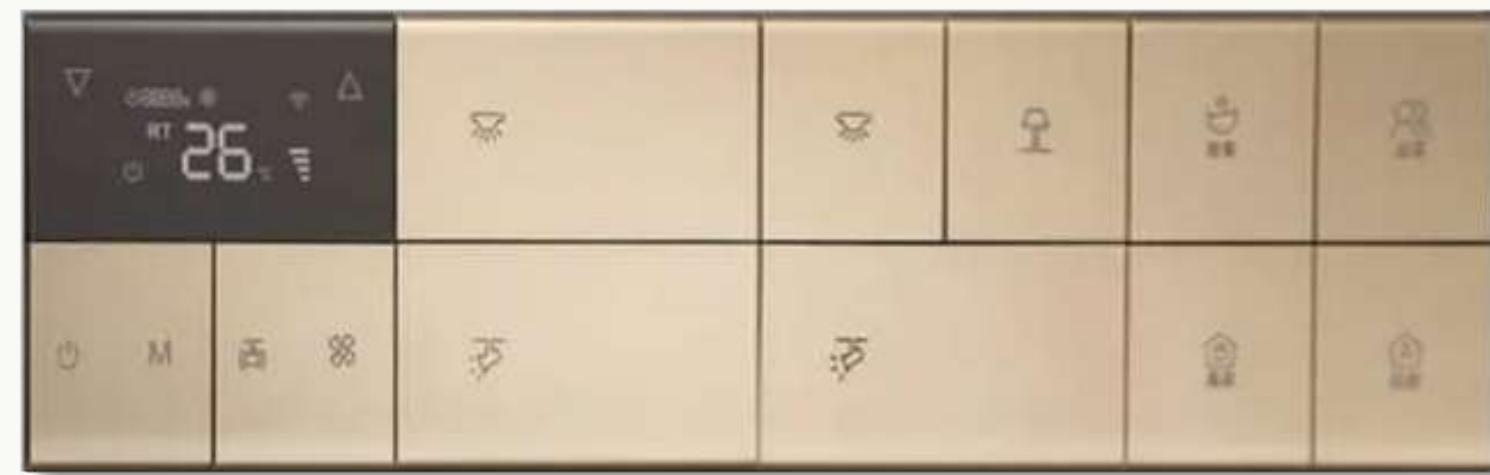

Control fan, lights & other electronic devices using feather touch as well as remote.

- IR Remote control
- Support wet hand manual control
- Timing setting
- Super luxurious in appearance
- Create customized scenes

# Zigbee Designer Mechanical Light Switches

Different forms Forms/colors

Gray

Black

White

Gold

- ⌚ Remote app control through zigbee
- ⌚ Local On/Off with or without internet
- 💡 Ingenuity design beauty appearance
- ⌚ Works on large range

# Zigbee Wireless Scene Switches

4 Hours charging time

Comes with magnetic wall plate

6 months to 1 year battery life

Support type C charging

- ⌚ Wireless remote control
- ⌚ 12 Different scenes control
- ⚡ Battery operated
- ⚙️ Easy to install

# Automated Control

*Automatic control of smart devices based on equipment conditions, external environment, geographical locations, timing and user habits.*

Smart

Door Locks

Low power  
Sensor

Smart  
Camera

Smart  
Socket

- Automatically open curtains at 8:00 in the morning to wake your family with sunshine
- Automatically switches on the lamp when you enter the room
- Automatically switches on the air purifier when pollution is detected
- Automatically switched off heater, AC and other electronic appliances when you leave home
- Default automation scenarios based on user habits and user defined scenarios

# In Wall Wi-Fi Retrofit Switch Module

- Remote app control
- Make normal tick-tock switch automated
- Third party AI voice control
- Easy and intelligent installation
- Support one-way & two-way
- Wireless RF switch support
- 30 Meter wide range

2 Node Heavy Duty

1 Node Curtain module 3A

2 Node Curtain module

3 Node Heavy Duty

4 Node Heavy Duty

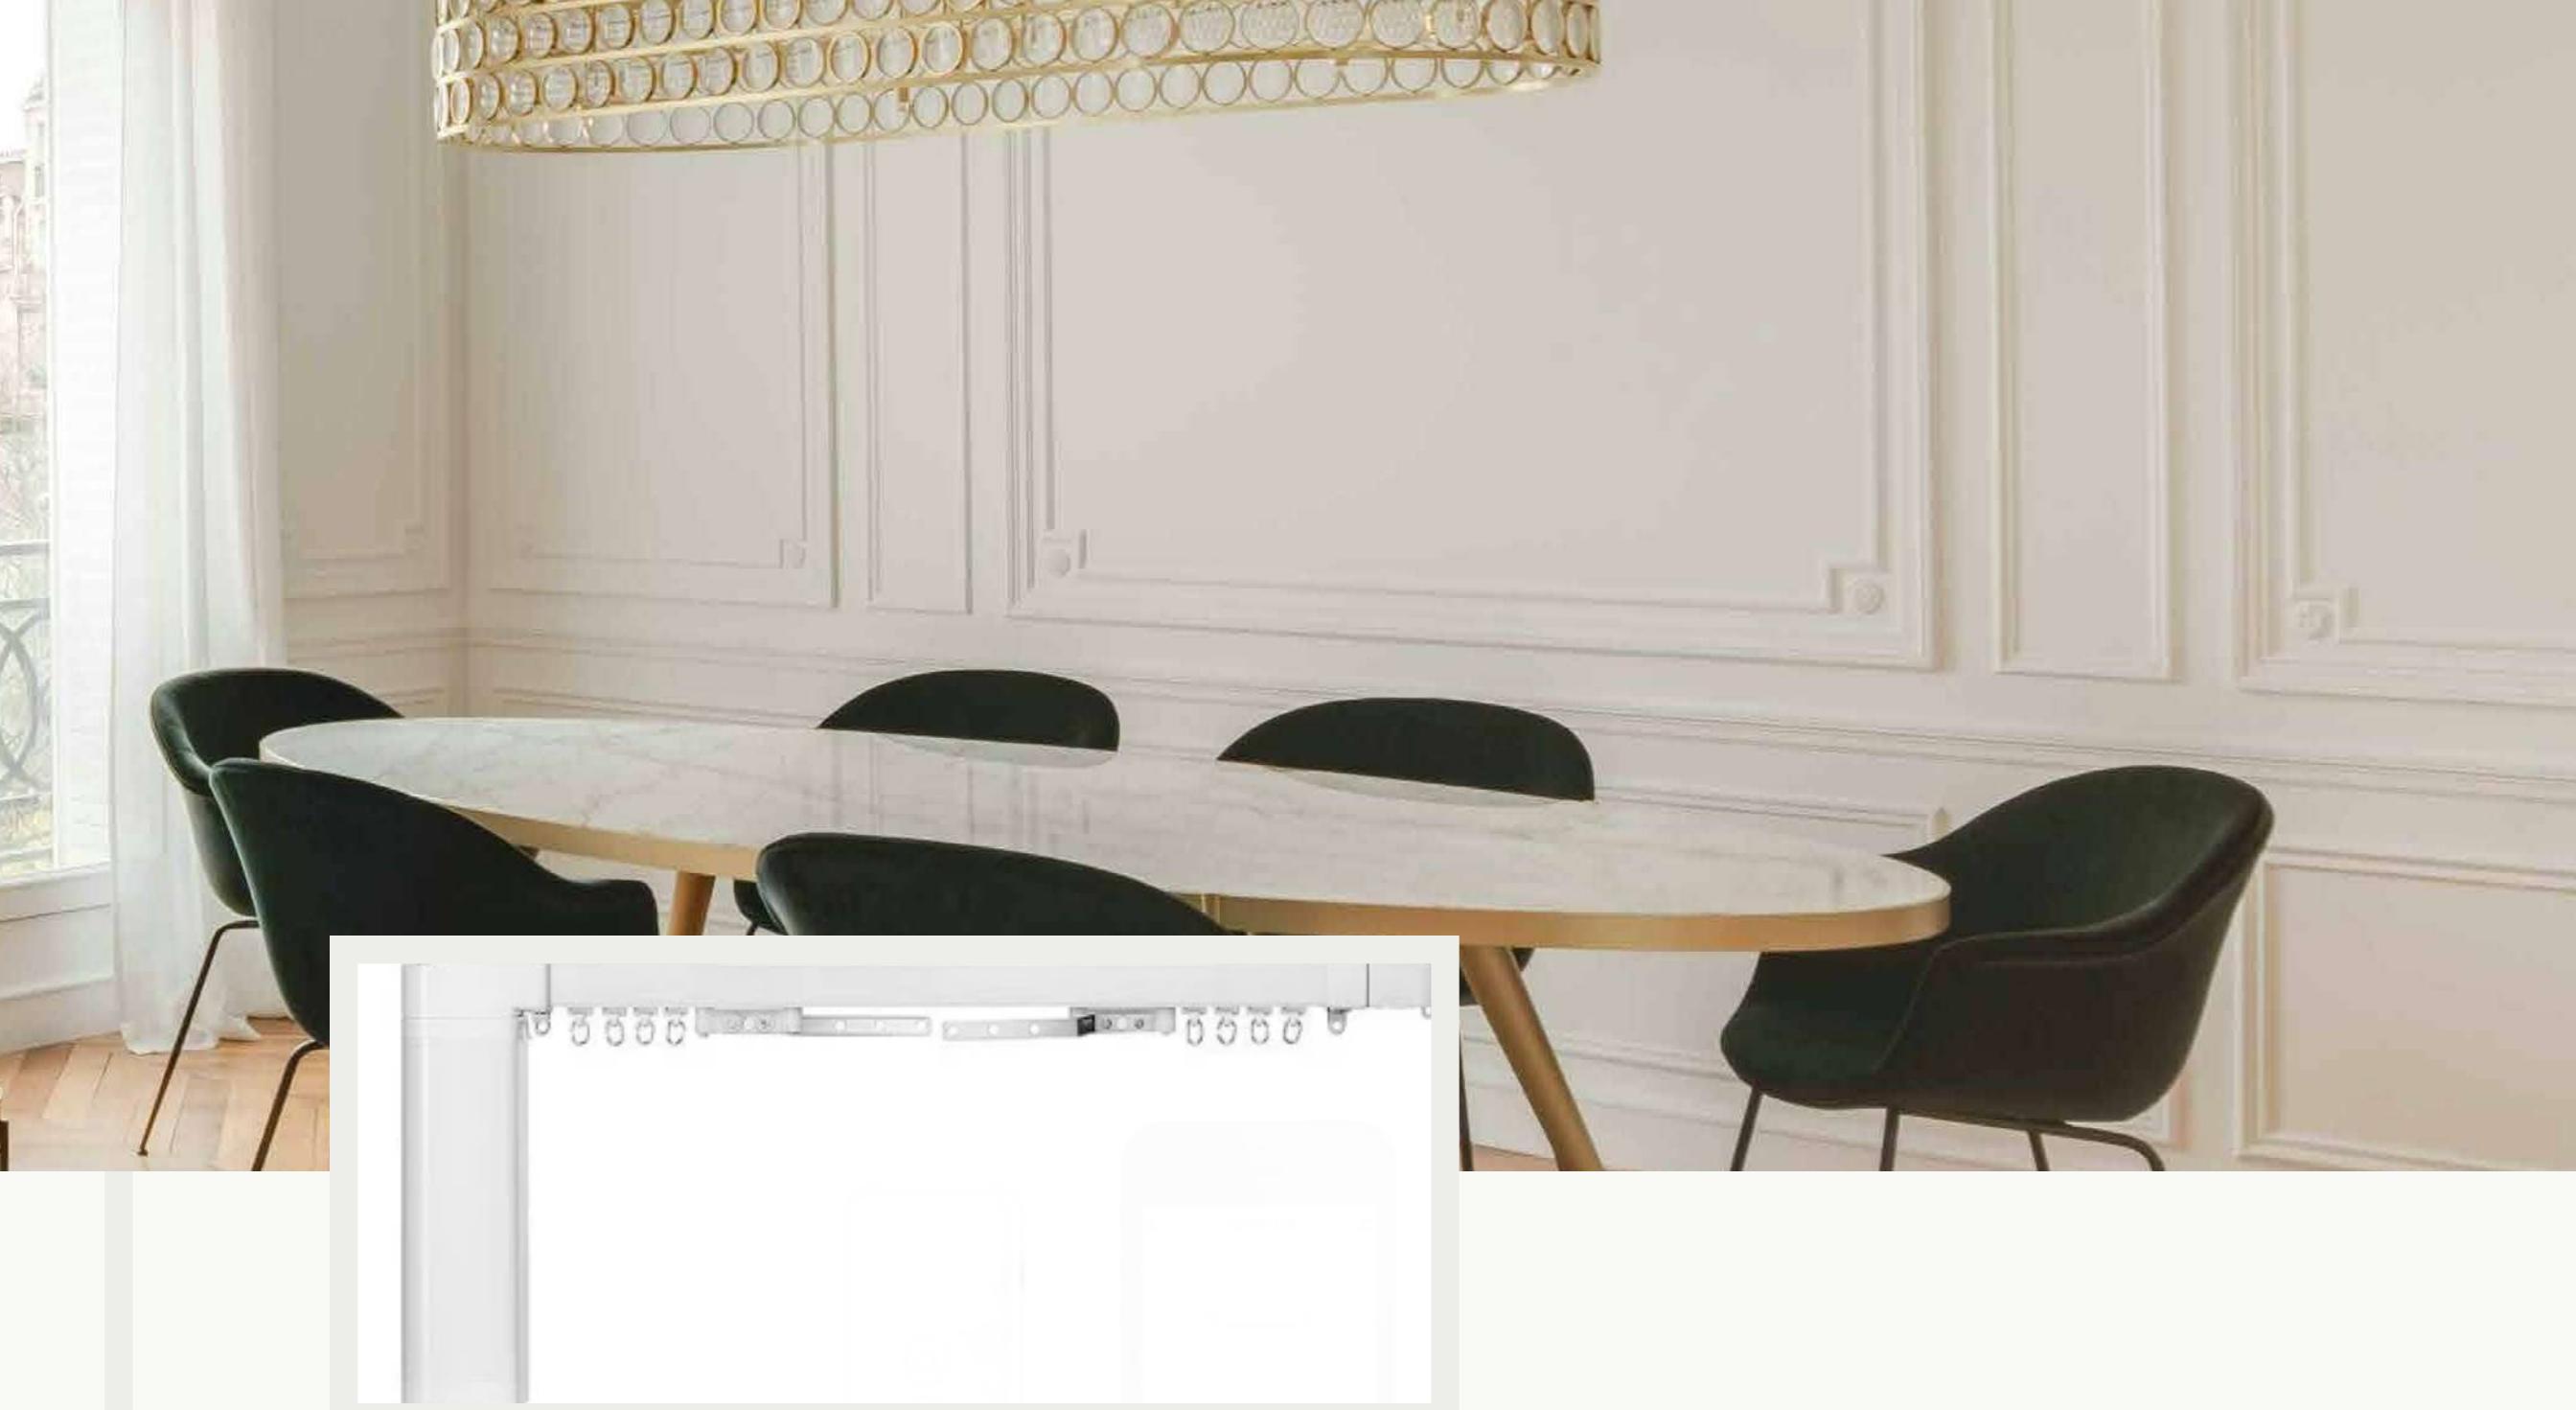

3 Node 800W each Relay

## Wi-Fi roller curtain & blind solution

- 25mm or 355mm diameter roller shades motor, built-in radio controller, easy program settings to be done with remote RF433 that can be remote control directly or phone app
- Roller & screen shades of various roller tube sizes, Aluminum roller pipes.
- Ideal for blinds window, easy to change remote control blinds, shades & lift.

## Wi-Fi sliding curtain solution

- Easy to operate, small & large size curtains using remote and mobile app
- Silent operating motorized curtain tract kit, upto 16 feet track
- Voice control using Alexa and Google home
- Contents- Motor, Remote, Track, Jointer, Runner poles, Master carrier, Driving belt and Coiling bracket.

# Wi-fi Universal Remote Control

*All-in-one Infrared remote control*

- Remote app control or local control of your home appliances such as air conditioner, television, music system or any remote operated device with mobile app and other smart app devices like third party voice control speakers.

# IOT Sensors for Security

*Get notifications even when you are not at home*

**Door & Window Magnetic sensor**

Switch status monitoring, smart linkage battery reminder.

**PIR Infrared Sensor**

Adhesive installation  
Linkage alarm  
Motion detection  
low power consumption

**Wi-fi Siren Alarm**

Can be integrated with all sensors and make sound when triggered

**Wi-fi Water & Gas Controller**

Emergency shut off of valves. Especially designed for gas pipe emergency use.

**Gas Alarm**

Can detect LPG/PNG/CNG leakage and notify on phone

**Smoke Alarm**

CO2, smoke & fire detection and notification on the phone

**Intelligent Gateway**

Smart control center of zigBee & bluetooth enabled Phlipton devices

**Temperature & Humidity Sensor**

View temperature and humidity curve in the app

# Non IOT Smart Sensor Switch

## Microwave/Radar motion sensor switch

- Adjustable Motion/movement Sensor
- Working input voltage: AC220v
- Sensor distance: 1 to 8 meters (Adjustable)
- 3–160s (adjustable) light-off if no other motion
- Power consumption:  $\leq 0.2W$

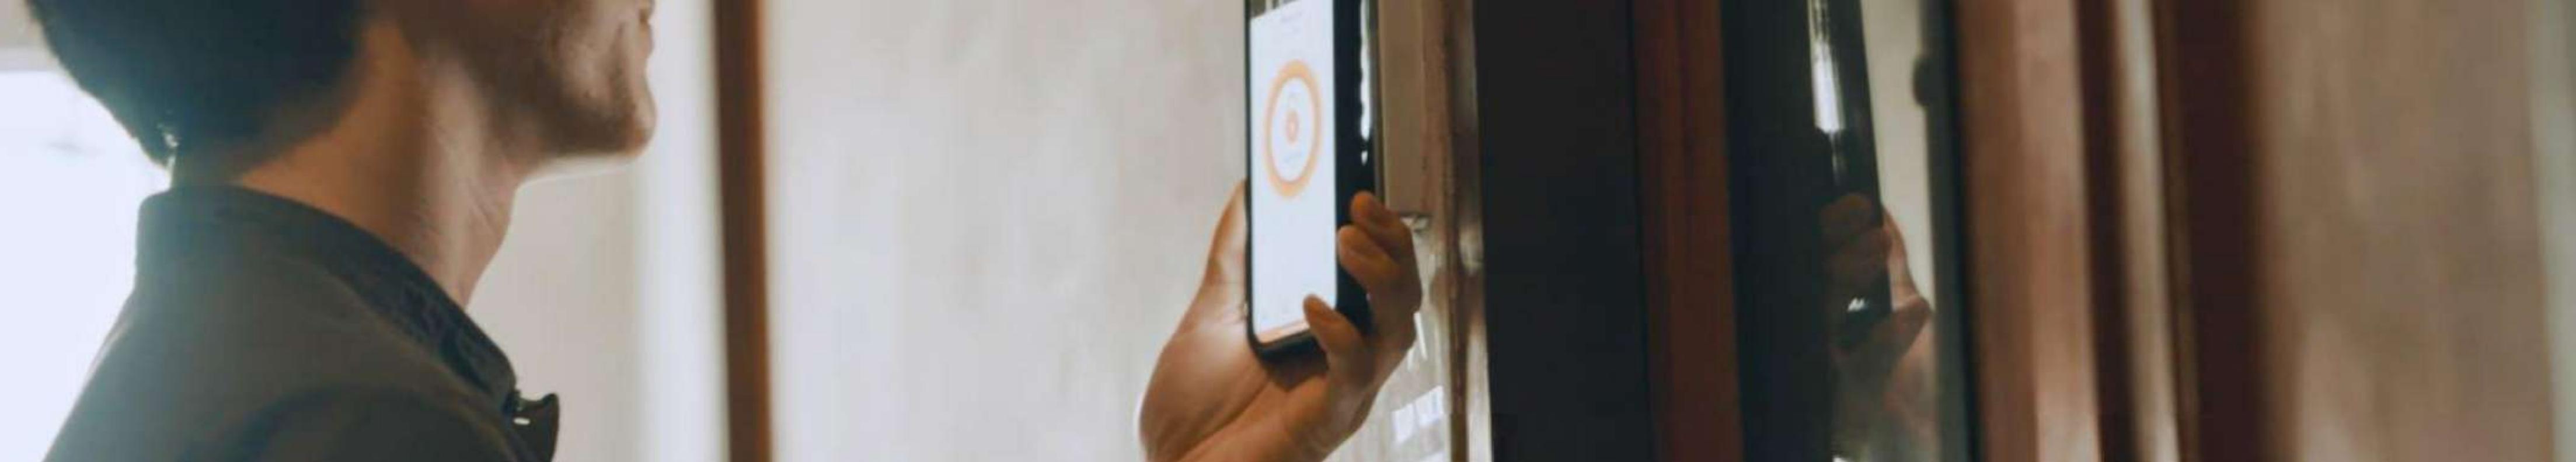

## Wardrobe/wave hand Sensor switch

- Adjustable wardrobe / wave hand mode selection
- DC 12–24 V operating switch
- Wave hand to on / off
- Single door / Double door option available
- Power consumption:  $\leq 0.2W$

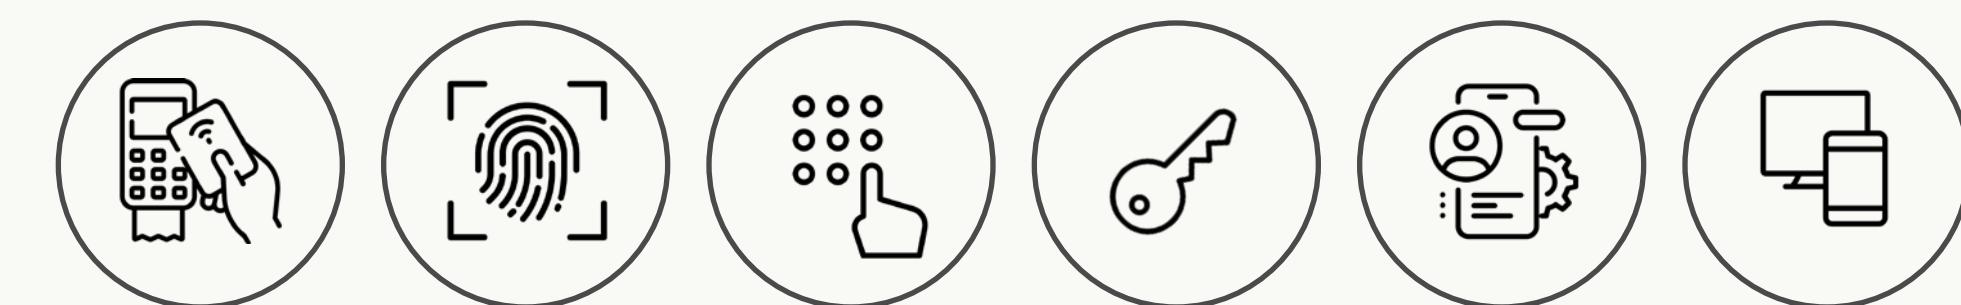

## Microwave motion sensor based foot light

- Built-in Microwave motion sensor and Light sensor
- Microwave sensor function: When the brightness is  $< 10$  lux, the light will detect movement and automatically light on full brightness and last for 16–20s, when no motion or motionless, the light will turn off.
- Detection distance: 5–6 meters radius, 360 degree
- Light sensor  $< 7-10$  lux
- High brightness LED Chips with stable performance, pure light
- Long lifetime, high quality

# Smart Door Locks

*Letting you control access to your home from anywhere with just a tap*

## Series-1

- Power supply: 4pcs AA alkaline batteries
- Card capacity & Fingerprint capacity: 150pcs
- Application: wooden door / Glass door / aluminium door
- Glass door thickness requirement: 8–14mm

## Series-3

- Universal left and right direction & quite easy to DIY installation
- 4 PCS AA alkaline batteries with longer standby time
- Suitable for Home / Office / Bedroom / Apartment / Hotel
- Door thickness: 35–85 mm

## Series-4

- One Touch Automatic open and close mortise system
- It is powered by 7.4V rechargeable lithium battery
- Back-up USB external power supply interface.
- Secure Aluminium alloy lock panel, Anti-corrosion and sturdy

## Series-5

- One Touch Automatic open and close mortise system
- Back-up USB external power supply interface
- Inbuilt rechargeable 7.4V Lithium batteries
- Secure zinc alloy+ABS, Anti-corrosion and sturdy

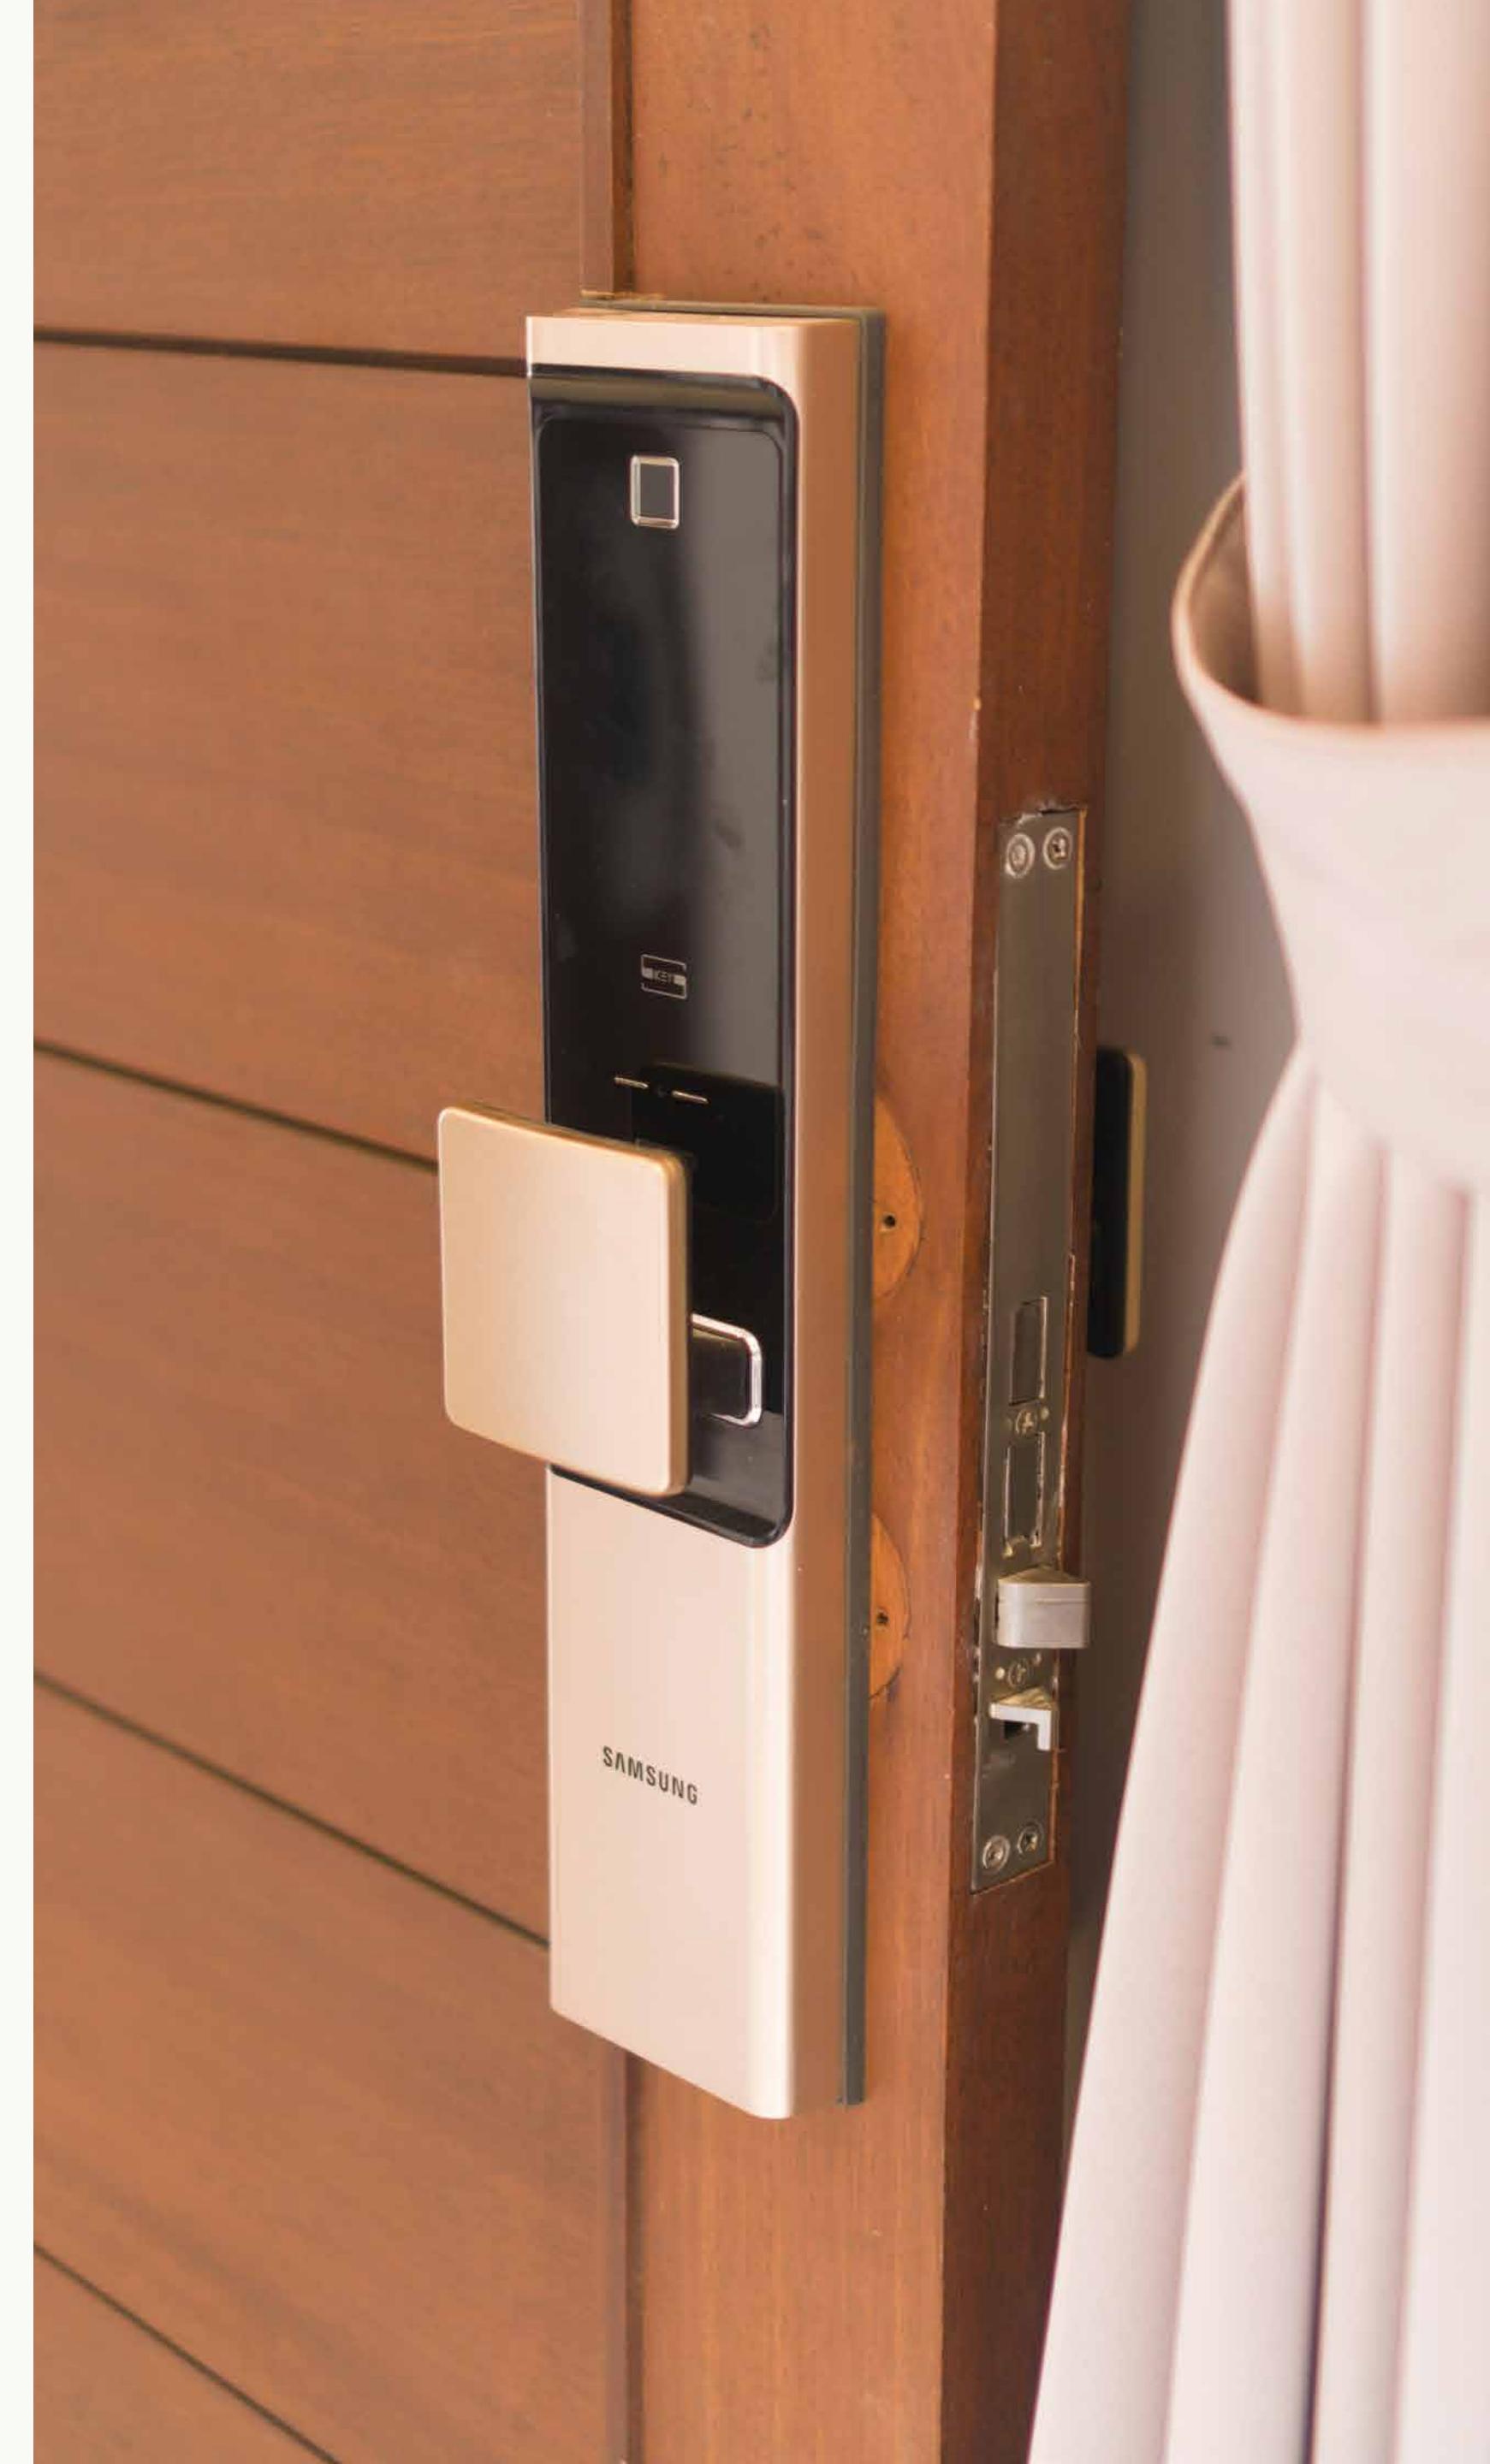

## Wi-fi Video Door Phone with Screen

- The doorbell supports remote viewing on the Philton Smart App
- It supports up to 6 monitors and 2 doorbells connected together
- Two-Way Audio with Noise Cancelling – Allows you to talk to your visitors wherever you are through real-time video on your cellphone
- IR Night Vision – Day or night, rain or shine, takes photos and records videos.

## Wireless Video Doorbell with Wireless Chime

- 1080P Full HD 2-Mega pixels with 130° wide viewing angle
- IP55 WATERPROOF – Can be applied to various complex weather conditions
- Works with 12V or 24V DC power supply for stable performance
- Built-in camera & night vision system. Also motion detectors on device
- Equipped with Indoor Sensor
- Night Light Wireless Chime with 58 music options and different volume level choices

# Cameras

*Offers full day mobile monitoring*

Outdoor Waterproof  
Bullet Camera

Steady 1080p  
Camera

Wi-fi 360°  
PTZ 1080p Camera

Ceiling mounted  
Camera

- Live feed with 1080p HD
- 24/7 video surveillance
- App remote monitoring
- PIR motion detection
- ICR infrared automatic night vision
- Two-way voice
- Cloud / Private cloud video storage
- Dust proof and waterproof
- SD card with the maximum capacity of 64 GB

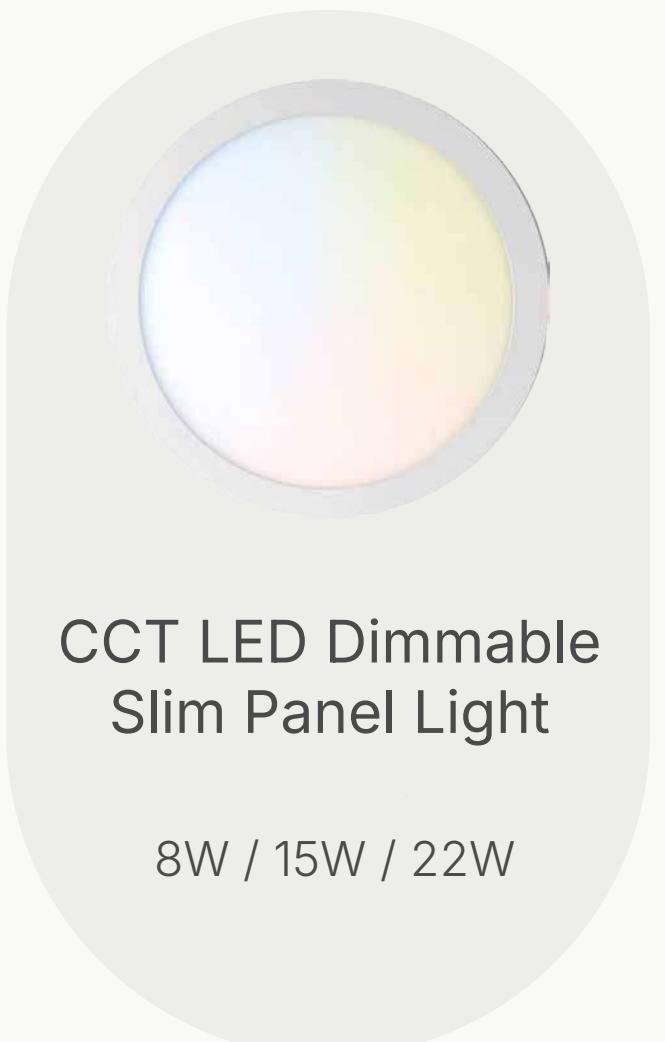

RGB IC/ RGB W

## Smart Colourful LED Strips

## Smart LED Panel Lights
